THE COURSE

The centerpiece of The Powder Horn Golf Club is the nationally recognized 27-hole championship golf course. The original 18 holes opened in 1997, followed by the addition of a new nine holes that opened in 2002. Noted for its three distinct nines, The Powder Horn Golf Course will challenge your shotmaking abilities and test your putting stroke on the smooth bent-grass greens. With five sets of tees to choose from, the well-manicured grounds of the golf course are playable for golfers of any level. The golf course offers many spectacular views, and every measure was taken to preserve the natural beauty this land has to offer.
